Dear Mr. Secretary-General,

I am pleased to confirm that FUNDACIÓN PRIVADA BOSCANA supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: engage with Global Compact Local Networks, join partnership projects on Corporate Sustainability, joint and support special initiatives and workstreams and participate in Global Compact global and local events.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Please find attached some general information regarding our organization as well as the contact person responsible for contacts with Global Compact Office.

Sincerely yours,

Elena de Carandini Raventós
General Director
