Dear Mr. Secretary-General,

I am pleased to confirm that Trafigura supports the ten principles of the Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. Trafigura will make a clear statement of this commitment to our stakeholders and the general public.

We recognise that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the Global Compact, and *annually* thereafter according to the Global Compact COP policy. This will include:

- A statement signed by Trafigura's Chief-Executive Officer expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This statement will appear in Trafigura's 2014 Annual Report and will be separate from our initial letter of commitment to join the Global Compact.
- A description of practical actions that the company is taking (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Mr. Jeremy Weir  
CEO, Trafigura Beheer B.V.
