USA Dear

Mr. Secretary General, I am pleased to confirm that EURECO supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public. We also pledge to participate in and engage with the UN Global Compact in the following way(s):

1) Join and/or Propose Partnership Projects on Corporate Sustainability. One of the two goals of the UN Global Compact is to catalyze partnership projects in support of broad development objectives, including the Millennium Development Goals. Therefore, CSOs are encouraged to forge partnership projects with business participants and other supporting stakeholders of the UN Global Compact, including UN agencies and programs. Several important guides and partnership resources have been developed in this respect. These can be accessed under Partnerships for Development. This section also outlines the various types of partnerships and includes important links to the activities of the UN Development Programme and upcoming meetings and events related to the topic of partnerships.

2) Participate in Global Compact global and local events. As a registered stakeholder in the UN Global Compact, a supporting CSO will receive regular communications on global, regional and local events. CSOs are encouraged, where possible and feasible, to participate in these activities — bringing their unique perspectives, expertise, and capacities.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Matteo Pedica
President EURECO
