Mr. Secretary General,

I am pleased to confirm that CSR Watch Jordan supports the ten principles of the United Nations Global Compact with respect to human rights, labor, environment, and anti-corruption.

With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement to our stakeholders and general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible, through – for instance, participation in country and/or local networks, involvement in specialized initiatives and workstreams, engagement in partnership projects, in addition to reviewing and providing commentary to participating companies on their Communications on Progress.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organizations' efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact's COE.

Sincerely,

Walaa Hamdan  
Managing Director & Co Founder
