Letter of Commitment from CBCGDF's Chairman

H.W. Ban Ki-moon
Secretary-General
United Nations
New York, NY 10017
USA

Dear Mr. Secretary-General,

On behalf of the China Biodiversity Conservation and Green Development Foundation (CBCGDF), we are pleased to commit that we will support the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption.

CBCGDF pledges to participate in various United Nations Global Compact activities that help accomplish the broader development goals of the United Nations. We believe that the communication between members of the Global Compact is a step further to the Millennium Development Goals.

We understand that the submission of Communication on Engagement (COE) every two years is mandatory for all members of the Global Compact. CBCGDF will be responsible for the UN's stakeholders and the public as the COE describes our efforts to support the implementation of the ten principles. We also support public accountability and transparency.

Sincerely yours,

Mr. Deping Hu
Chairman, China Biodiversity Conservation and Green Development Foundation
