Dear Mr. Secretary-General

I am pleased to confirm that Baus Academy S.C. highly supports the ten principles of the U.N. Global Compact on human rights, labour, environment and anti-corruption. We intend to make it formal and implement those principles, so we are making a public statement to all our employees, providers, general public and our interest groups, to join this commitment with us.

Baus Academy recognizes the importance to make it clear and part of our strategy to not just commit to these principles but to put into practice so we can make our communities better. We understand and commit to give a yearly communication of progress, so we can measure our achievements and new strategies based on these principles.

We are looking forward to make it official and start measuring our strategy in our company, always thinking that this kind of commitment would make our communities a better place to live in.

Sincerely yours,

Mr. Manuel Santos de Anda
Director General
