Dear Mr Secretary General,

We are pleased to confirm that the Romanian Association for International Road Transport (ARTRI) supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anticorruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: promoting the ten principles among our members and our partners; highlighting the importance of a new mentality in the road transport activities; encouraging the concept of strategic responsibility in the shaping of our future plans.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Florinel Andrei,  
Secretary General  
ARTRI
