Delle, the 29th June 2011

Dear Mr. Secretary-General,

We write to request for a re-admission as participant to Global Compact (i), and to comment on our COP (ii).

(i) Since 2007, date of our first entry, we have not issued our COP due to organisational changes in the communication department in the two following years.

Thus, the two year's deadline to issue a Communication On Progress (COP) has elapsed unfortunately. But our company has always complied with the ten principles before 2007, and since 2007.

(ii) Thus, I'm pleased to confirm that LISI AUTOMOTIVE has issued its COP for 2011, and supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. LISI AUTOMOTIVE has made a clear statement of this commitment to our stakeholders and the general public in particular through its Annual report 2010.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the Global Compact, and *annually* thereafter according to the Global Compact COP policy.

Sincerely yours,

Patrick FAVRE
Managing Director - LISI AUTOMOTIVE
