Dear Mr. Secretary-General,

I am pleased to confirm that Mount Kenya Environmental Conservation Organization supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption. With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- Operate responsibly, in alignment with universal sustainability principles
- Take actions that support the society around us
- Commit to the effort from our organization's highest level, pushing sustainability deep into your DNA
- Report every 2 years on our ongoing efforts
- Engage locally where you have a presence

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely

Mr. Paulino Mugendi Damiano
Chief executive officer /Founder.
