Dear Mr. Secretary-General,

I am pleased to confirm that Sembcorp Industries Limited supports the ten principles of the United Nations Global Compact in the areas of Human Rights, Labour, Environment and Anti-corruption.

With this communication, we express our intent to advance those principles within our area of influence. We are committed to making the Global Compact and its principles part of our company's strategy, culture and daily operations, and to engage in partnerships to advance the broader development goals of the United Nations.

We support public accountability and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact Communication on Progress (COP) policy. This includes:

- A statement signed by our chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the Global Compact.
- A description of the practical actions taken and measurement of outcomes in implementing the Global Compact principles in the form of our Sustainability Report.

Yours sincerely,

Tang Kin Fei
