Dear Mr. Secretary General,

I am pleased to confirm that Mityana Rural Sustainable Farmers Organization supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: Translating global policies into regional actions; provide leadership and encouraging partnership in caring for the environment by inspiring information and enabling peasant farmers down in our rural villages to improve on their quality of lives. Raising awareness and enhancing information exchange on climate. We promote the millennium of the World Bank's dream like gender equality and empowering women, ensure environmental sustainability and eradicate poverty and hunger in our community.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

**Mrs. Nakiyini Mary Frances**
