Dear Mr. Secretary General,

I am pleased to confirm that **HOPE TRANSPLANT MINISTRIES [HTM]** supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- HTM will consistently communicate to its membership the benefits of joining the UN Global Compact with a view of encouraging UN Global Compact membership.
- With the use of the HTM's internal and external dialogue platforms, we will provide training and boost dialogue and discourse on the principles of UN Global Compact.
- We will strengthen ties with Global Compact Local networks, specifically Latin America and Caribbean Network where HTM is based. As we have noticed there is not a [listed] Caribbean body represented, hence we at HTM would be pleased to officially establish a Caribbean hub based in Barbados to gather the support of this Diaspora.
- HTM will attract new participants to the UN Global Compact through outreach efforts and raise awareness.
- Organize learning and dialogue events, workshops and training for their members on the UN Global Compact and specific topics relevant to corporate sustainability.
- Provide expertise and/or the voice of our members to Global Compact working groups and special initiatives.
- Will consider hosting the secretariat for a Global Compact Local Network

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Amb. Rev. Michael A. Steele, Esq Founder/President
