Dear Mr. Secretary General,

I am pleased to confirm that Rada Biznesu (The Business Council), Foundation from Poland, supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- We would like to engage with Global Compact Local Network in Poland (<http://ungc.org.pl/> - especially in program Koalicja Rzeczników Etyki – *Ethics Advocates Coalition*);
- We would like to support issue platforms and workstreams, especially:
 - o Making integrity part of your business strategy;
 - o Joining the “End corruption now: make public procurement public” project – by signing the Anti-Corruption Call to Action;
 - o Engaging with future business leaders;
 - o Working with global leaders to end corruption.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization’s efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours

Mr. Marcin Sęk
