Save Energy Plant Trees as known as SEPT NGO supports the 10 principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment we express our intent to support the UN Global Compact advancing these principles, and make a clear statement of this commitment to our stakeholders and the general public.

- Implement the UN Global Compact's Ten Principles through your own strategy and operations.
- Encourage young leaders to participate in the UN Global Compact.
- Contribute to the Global Compact Trust Fund and/or support specific activities.
- Host UN Global Compact events.

We recognize a key requirement for participation in the Global Compact is the submission of a Communication On Engagement (COE) that describes our organization's effort to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Pierre El Haddad

President
