Dear Mr. Secretary General,

We are pleased to confirm that Cirkus Cirkör supports UN Global Compact 10 principles with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this to our stakeholders and general public.

It is in the foundation of Cirkus Cirkör to work across borders. We strive to develop ourselves and society by collaborating with both people and companies in a wide variety of approaches. Everything is possible, or something is always possible.

We pledge to participate in and engage with UN Global Compact through the following activities:

- Encourage businesses and individuals to participate in the UN Global Compact.
- Promote the UN Global Compact Ten Principles and educate audiences about sustainability.
- Engage in Global Compact Local Networks when possible.
- Engage and inspire cultural institutions and other stakeholders to work with sustainability on a social level both locally and globally.
- Share our expertise in how to use contemporary circus as a tool for social inclusion.
- Continue to work in a cross boundary way with companies, organizations, institutions and academics to share and expand our knowledge.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Anders Frennberg
Cirkus Cirkör, CEO
