Dear Mr. Secretary General,

I am pleased to confirm that Anguil Environmental Systems, Inc. supports the ten principles as outlined in the Global Compact with respect to human rights, labor and environmental and anti-corruption.

With this commitment, we express our intent to advance the ten principles within our sphere of influence. We are committed to the Global Compact and will make a statement to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is an annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact and annually thereafter according to the Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the Global Compact.
- A description of practical action (i.e. disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labor, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Mr. Gene H. Anguil  
Chief Executive Officer  
Anguil Environmental Systems, Inc.
