### Entry Letter for BUSINESS Organizations

Vienna, 2nd April, 2009

Dear Mr. Secretary-General,

In October 2002, Pfizer Worldwide (Inc.) was the first U.S. pharmaceutical company to sign the UN Global Compact. Pfizer Inc. has been named a Notable Communication on Progress Organization by the UN Global Compact for our best practices in communicating progress.

I am pleased to confirm that Pfizer Corporation Austria GmbH, the Austrian subsidiary of Pfizer Inc., also supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. Pfizer Corporation Austria GmbH will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact, and every year thereafter according to the Global Compact COP policy.

Sincerely yours,

Dr. Robin Rumler  
Country Lead
