Subject: Letter of recommitment from PIAD Precision Casting Corporation

Dear Mr. Secretary-General.

I am pleased to confirm that PIAD Precision Casting Corporation supports the ten principles of the Global Compact with respect to human rights, labor, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. PIAD Precision Casting Corporation will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We apologize for failing to submit the COP in a timely manner in the past and pledge that we are recommitted to the Global Compact and that we will submit the COP annually as required by the Global Compact. PIAD has completed a (COP) for your review.

Thank you for your consideration and do not hesitate to contact me at (724) 853-1304 if you have any questions or if you require further information or assistance.

Sincerely,

  
Holger K. Schweisthal
