Dear Mr. Secretary General,

I am pleased to confirm that Channel 35 Global Networks supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption.

With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact to support and participate with the Five Points Youth Foundation 2015-2020 Global Compact Local Area Networks Caring for Climate Campaign to build a Worldwide Community Resiliency Network that "leaves no one behind" pursuant to the Global Sustainability .

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact.

We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,
