Dear Mr. Secretary General,

I am pleased to confirm that Giza Systems Education Foundation supports the ten principles of the Global Compact on human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact Advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN global Compact in the following way(s) as technology leaders that have the capacity and reach to create ripples of change. We aim to impact youth competitiveness through embracing and developing talent fairly, equally and transparently. We aim to build a technology empowered generation that can improve their own livelihood and that of their communities and society at large and our social interventions will be directed mainly to education and poverty empowerment.

We recognize that a key requirement for participation in the Global Compact is the submission of a communication on engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Shehab ElNawawi
Chairman
