Dear Mr. Secretary-General,

JANUARY 13, 2016

I am pleased to confirm that LE34 supports the UN Global Compact and its ten principles with respect to human rights, labour, environment and anti-corruption.

LE34 COPENHAGEN

DENMARK

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to supporting UN goals and to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company.

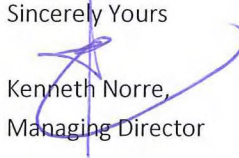

LE34 will make a clear statement of this commitment to our stakeholders and the general public. We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy.

This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results)

We thank You for welcoming our commitment and dedication to these globally important principles.

Sincerely Yours

Kenneth Norre,
Managing Director
