Dear Mr. Secretary General,

I am pleased to confirm that Helong City supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

Helong City will help to promote co-operations between the UN organizations and the local enterprises by frequent communications with the UN Global Compact members. We will adhere to the ten principles of responsible business relating to human rights, labor standards, environmental protection and anti-corruption.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public account ability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

[The Mayor of Helong City]
