Dear Mr. Secretary-General,

I am pleased to confirm that AIESEC International supports the ten principles of the UN Global Compact on human rights, labour, environment, and anticorruption. With this commitment, we express our intent to advance and implement these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also commit to take part in the activities of the UN Global Compact where appropriate and feasible by engaging through our country and local chapters, being involved in specialized initiatives and work streams, engaging in partnership projects and reviewing and providing commentary to participating companies on their Communications on Progress.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely,

Ana Saldarriaga  
Global President
