Dear Mr. Secretary General,

I am pleased to confirm that International Public Organization "Teatro" supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): by joining and/or proposing partnership projects in the sphere of art and culture and international relationships' development; joining special initiatives aimed at promoting the contemporary theater art to the public in Belarus and abroad; participating in global, regional, and local events in order to strengthen the international co-operation and to support the implementation of the ten principles of the UN Global Compact. The number of "Teatro" members is large enough: it interacts with cultural, artistic, business and diplomatic circles in different countries, thus we may encourage them to participate in the UN Global Compact.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Mr. Pavel Khuiiko
Chairman
