Dear Mr. Secretary-General,

We at Abdul Monem Ltd. affirm our support to the ten principles of the “Global Compact” with respect to human rights, labor, environment and anti-corruption. By way of this letter, we express our intent to advance and advocate those principles within all our spheres of influence and activities. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our Company, and to engage in collaborative projects which advances the broader development goals of the United Nations and in particular the Millennium Development goals. Abdul Monem Ltd. will make a clear statement of this commitment to our stakeholders and the public.

We recognize and acknowledge that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our Company’s efforts to implement the ten principles. We also support public accountability and transparency and therefore commit to reporting on the progress of these aspects of our commitment and submission of COP within two years of joining the Global Compact and every year thereafter according to the Global Compact COP policy.

Praying and wishing for a brighter and peaceful future for all across the world.

Yours sincerely,

Abdul Monem
