Dear Mr. Secretary General,

I am pleased to confirm that INJAZ Al-Arab supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact by comprehensively engaging with the Social Responsibility and Sustainability initiatives of organizations across the MENA region. Our model is based on developing partnerships to economically empower youth, achieving positive change for the entire community through our belief in the boundless potential of young people, and we are proud to support and be a part of sustainability initiatives across the region.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Akef Aqrabawi

CEO & President, INJAZ Al-Arab
