Dear Mr. General-Secretary,

My company has been delisted as a member of the Global Compact recently. We do not submit the corresponding COP by deadline required as the person in charge of presenting the COP submission requested, left the company for personal reasons and she did not submit the mentioned COP before leaving. No changes at your website were made to avoid this failure on time.

I am pleased to communicate that Asian Pioneer Spain, S.L. supports the ten UN Global Compact principles in which human rights, labour rights, environmental sustainability and anti-corruption are covered and this is the reason why we would like to submit a communication on progress again.

We are keen to implement and encourage these ten principles firmly in Asian Pioneer, S.L. within the period required. Therefore, I request you to accept our new annual submission in order to be a fulfilled member of the Global Compact again.

Yours Sincerely,
