Dear Mr. Secretary-General,

We are pleased to confirm that Schiel & Denver Publishing Limited supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our publishing sphere of influence.

Schiel & Denver is committed to making the Global Compact and its principles part of the core strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals.

Schiel & Denver Publishing Limited will make a clear statement of this commitment to our stakeholders and the general public, by prominently displaying notice of membership on our website. We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles.

We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact, and every year thereafter according to the Global Compact COP policy.

Yours sincerely,

Tunde Reid-Kapo  
Founder & CEO  
Schiel & Denver Publishing Limited
