Dear Mr. Secretary General,

I am pleased to confirm that Life Project 4 Youth (LP4Y) supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

1. Sharing our innovative pedagogy of professional and social integration of excluded Youth through entrepreneurship, to all the for-profit businesses and other private and public stakeholders through the Youth 4 Change Network (<http://www.y4cn.org>)
2. Scaling up the YIN (Youth inclusion Network), network of companies committed to the inclusion of Youth living in extreme poverty, created in the Philippines in 2016 and developing partnerships and local and international networks working towards the sustainable integration in the decent world of the excluded Youth.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

DELAPORTE Jean-Marc
