New York, NY 10017
USA

Dear Mr. Secretary General,

I am pleased to confirm that Indian Mountain School supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): the school is in the process of developing a curriculum that uses the Sustainable Development Goals as a framework around which the teaching and learning at the school will be built. The current plan is to have a portion of the curriculum in place during the 2016 – 2017 school year, with the full program running during the 2017 – 2018 year.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Jody Reilly Soja
Head of School
