H.E. Ban Ki-moon  
Secretary-General  
United Nations  
New York, NY 10017  
USA

Dear Mr. Secretary-General,

My staff and I are pleased to confirm that Assay On Wheels, LLC. (AOW) supports the ten principles of the Global Compact on human rights, labor, environment and anti-corruption. With this letter we express our intent to continue operating solely by those principles. We are committed to continuing our business with the Global Compact and its' principles as the foundation of all our day-to-day operations, corporate culture, future strategies and to further engage in collaborative projects that develop the broader goals of the United Nations, particularly those set forth as Sustainable Development Goals. AOW will make a clear statement of this commitment to our stakeholders, partners and general public.

We understand that a key requisite for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that reviews our company's efforts to implement the ten principles and support any specialize UN Global Compact issue platform that our company may join at a later date. We support the public accountability and total transparency and therefore commit to report on our progress within twelve months of joining the Global Compact COP, and report annually thereafter as is in accordance with the Global Compact policy. This includes:

- A statement signed by our chief executive officer expressing continued support for the Global Compact and renewing our ongoing commitment to its' initiatives and principles, this is separate from our initial letter of commitment to join the Global Compact.
- A description of practical action, (a disclosure of our practices and policies regarding our general operations) that our company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labor, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measures of results.)

Sincerely yours,

Mr. Chris M. Noyes  
CEO, Assay on Wheels LLC.
