Dear Mr. Secretary General:

I am pleased to confirm that IMAGEN VISIBLE, S.A. supports the TEN PRINCIPLES of the Global Compact with Respect to human rights, labour, environment and anti-corruption.

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy culture and day to day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. Imagen Visible, S.A. will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participating in Global Compact is the annual submission of a Communication of Progress (COP) that describes our company's efforts to implement the 10 principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP Policy. This includes:

1. A statement signed by the Chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to joining Global Compact.
2. A description of practical actions (i.e. disclosure of any relevant policies, procedures, activities) that Imagen Visible, S.A. has taken or plans to undertake to implement Global Compact principles in each of the 4 issue areas (human rights, labour, environment anti-corruption)
3. A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,
