Dear Mr Secretary-General,

I am pleased to confirm that SOLUTION MANAGERS INTERNATIONAL supports the ten principles of the Global Compact in respect to human rights, labour rights, the protection of the environment and anti-corruption. With this communication, we express our intent to support and advance those principles within our sphere of influence by making a clear statement of this commitment both internally and to the public. We will explore opportunities to partner with companies and other stakeholders to further the implementation of the ten principles.

SOLUTION MANAGERS INTERNATIONAL will make a clear statement of this commitment to our stakeholders and the general public through its annual Sustainability Report. We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles.

We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact, and every year thereafter according to the Global Compact COP policy.

Sincerely yours,

Jai Ganesh
Director
