Dear Mr. Secretary General,

I am pleased to confirm that Confederazione italiana libere professioni supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): influencing the professional associations we represent and advancing their sustainability, promoting best practices, raising awareness among our clients and patients and the public at large, encouraging our members to join the UN Global Compact. We pledge to pay special attention to the elimination of discrimination in respect of employment and occupation, the promotion of greater environmental responsibility and the fight against corruption in all its forms.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Mr. Gaetano Stella  
President, Confederazione italiana libere professioni
