Dear Mr. Secretary-General,

I am very pleased to confirm that our company Source Ltd. supports Global Compact activities with ten principles in the areas of human rights, labour, the environment and anti-corruption. We would like to express our intent to support Global Compact by making the ten principles part of company strategy and future operations.

We commit to implement United Nations goals at whole companies activities (connected with our employees, partners, clients and to the public).

Please note, that this would be a distinction, if we could show our key partners and clients that we are supporting United Nations goals and that our business activities are based on them.

We believe that we can help to realize the United Nations vision by partnership with private and public sector by disseminating our knowledge and experience.

Please find attached some general information regarding our company, as well as the contact person responsible for contacts with the office of the Global Compact.

Sincerely yours,

Mr. Greg Okon
CEO Source Ltd.
