Dear Mr. Secretary General,

I am pleased to confirm that PALI supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s)

"Annual Young Passionate Leadership Summit (6th edition)" with the theme: Reshaping Africa politics: a thrust of the younger generation. The Summit is designed to provide opportunities for the younger generation to meet one on one, with seasoned and accomplished politicians to question and further reflect on what they can do to position themselves for leadership calling and

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Mr. Frank Paa Kumi
