Peace and Blessings Secretary-General:

The Conscience Group Corporation strongly supports the Ten Principles of the U.N. Global Compact recognizing the global areas of *environment, human rights, labor* and *anti-corruption* and committing to the advancement of these principles and the mission of the Global Compact. In honoring this commitment the corporation will ensure all national corporate members, specialists and the citizens, served through our national public services, directly and immediately, identify, understand, support and practice sustainable development.

The Conscience Group Corporation will directly participate with the U.N. Global Compact and actively engage the Global Compact's local networks by actively joining and directly supporting issue platforms and workstreams. The Conscience group Corporation also is committed and hereby pledge to support the Global Impact in areas of timely, innovative citizen-research, citizen-system emergency, crisis and disaster-related, global and national development of which all the Global Compact Principles directly and indirectly have relationships.

The Conscience Group Corporation fully understands participation in the Global Compact requires a submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. The Conscience Group Corporation currently (by policy) of our corporate national public services are required to demonstrate public accountability and transparency, and strictly commit to account on all Global Compact progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

In Service,

David Adams, President
