Dear Mr. Secretary-General,

I am pleased to confirm that Polish Chamber of Commerce supports the principles of the Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the Global Compact and its principles our strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. Polish Chamber of Commerce will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Engagement (COE) that describes our institution's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COE policy. This includes:

- * A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the Global Compact.
- * A description of the practical actions that the organization has taken to support the Global Compact principles and to engage with the initiative. Practical actions should relate to one or more of the specific activities suggested to each type of non-business participant in support of the initiative.
- * A measurement of outcomes.

Yours sincerely,

President of Polish
Chamber of Commerce
