Dear Mr. Secretary-General,

I am pleased to confirm that Educa Pueblo Viejo Foundation supports the ten principles of UNGlobal Compact with respect to human rights, labour, environment, and anti-corruption.

With this commitment, we express our intent to advance these principles within our sphere or influence, and will make a clear statement of this commitment to our stakeholders and general public.

We also pledge to participate in and engage with the UN Global Compact where appropriate and feasible- through, for instance, participation in Country/ local networks; involvement in specialized initiatives and work streams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Abraham Tucubal

President
