Dear Mr. Secretary-General,

I am pleased to confirm that TENARIS supports the ten principles of the Global Compact with respect to human rights, labor, environment and anti-corruption. With this communication, we express our intent to advance with these principles within our sphere of influence. We commit ourselves to include the Global Compact and its principles as a part of our company's strategy, culture and day-to-day operations. TENARIS will make a clear statement of this commitment to its stakeholders and general public.

We recognize that a key requirement to participate in the Global Compact is the annual submission to the Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress every year according to the Global Compact COP policy.
