Your Excellency Secretary-General,

We are pleased to confirm that MRCB Property Management Sdn Bhd supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day running of our operations and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. We will ensure that our Group will also carry the statement of this commitment to our stakeholders in particular and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress ("COP") that best describes our Group's efforts to implement the ten principles. We will give our full support to the public accountability and transparency, and therefore are committed to report on our progress within a year of joining the Global Compact and annually thereafter according to the Global Compact COP policy which includes –

- A statement signed by the chief executive expressing continued support for the Global Compact and reviewing our Group's ongoing commitment to the initiative and its principles apart from our initial letter of commitment to join the Global Compact.
- A description of practical actions to implement the Global Compact principles in each of the four issue areas
- A measurement of outcome and/or results.

Yours faithfully

MRCB PROPERTY MANAGEMENT SDN BHD
