Dear Mr. Secretary-General,

I am pleased to confirm that the International Association of Lions Clubs supports the ten principles of the UN Global Compact in respect to human rights, labor rights, the protection of the environment, and anti-corruption. With this communication, we express our intent to support and advance those principles within our sphere of influence by making a clear statement of this commitment both internally and to the public. We will explore opportunities to partner with companies and other stakeholders to further the implementation of the ten principles.

The attached documents indicate our UN Global Compact commitment:

- a file copy of the joint letter of intent signed on March 14, 2008 at UN Headquarters by our Lions International President Mahendra Amarasuriya and Soren Petersen, UN Global Compact;
- a photo of the framed, letter of intent signed on March 14, 2008 at UN Headquarters by our Lions International President Mahendra Amarasuriya and Soren Petersen, UN Global Compact;
- the completed form, *Organization Information to the Global Compact*
- general information concerning Lions clubs.

The joint letter of intent indicates the willingness of a Lions club in Africa, Asia, and Latin America to complete a UN Global Compact project. The success of these three projects will be communicated via a *Communications on Progress* report to the UN Global Compact.

Please advise as to any future requirements for cooperation between the International Association of Lions Clubs and the UN Global Compact.

Sincerely yours,

Peter Lynch

Executive Administrator

The International Association of Lions Clubs
