With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in following way(s):

- To engage in institutional projects which advances the broader development of goals of the United Nations, particularly the Sustainable Development Goals (SDG).
- To Propose and implement partnership on corporate sustainability and engage with other stakeholders.
- Support UN Global Compact business participants as they implement and report on their sustainability efforts. Ready to engage with Global Compact Local Network and to join and/or support issue platforms and work streams.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact.
