Sub: Commitment of Pragyan International University to advance the Ten Global Compact Principles

Respected Madam,

We at Pragyan International University support the ten principles of the UN Global Compact with respect to Human Rights, Labour, Environment and Anti-Corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

1. Organizing Seminars and Workshops on a pan-India level involving mass participation and creating awareness about the UN Global Compact Ten Principles.
2. Approaching various Companies and Institutions on a pan-India level and conducting Workshops for both the Company's Management and the Employees, informing them of their duties, responsibilities as well as protection of Human Rights.
3. Developing and Revising our Academic Curricula in line with the UN Global Compact Ten Principles to teach and create awareness amongst the students (youth) who would be the leaders of tomorrow.
4. Inviting Participants and Conducting Applied Research in the University to identify key areas of improvement and further facilitating the Principles.
5. Lending capacity to UN Global Compact by submitting the Research Reports on improvement, which can then be implemented worldwide through the various Global Compact Local Networks.
6. Joining the Principles for Responsible Management Education (PRME) and embed corporate sustainability in the University's education, research and campus practices.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.
