H.E. Ban Ki-moon  
Secretary General  
United Nations  
New York, NY 10017

Your Excellency:

The Research Institute for Development, Communication and School Partnership (RIDCSP) supports the ten principles of the UN Global Compact relating to human rights, labour standards, environment and anti-corruption. With this promise, we communicate our intention to support the Global Compact in upholding and promoting these principles, and will make clear this commitment to our stakeholders and the public in general.

As a civil society organisation / Non-Governmental Organisation, we also pledge to take part in and engage with the UN Global Compact in the following ways:

- Propose and implement partnerships on corporate sustainability and engage with other stakeholders.
- Engage with Global Compact Local Networks.
- Join and/or support issue platforms and workstreams.

At RIDCSP, we recognise that a major requirement for taking part in the Global Compact is the submission of a Communication on Engagement (COE) that articulates clearly our organisation's efforts to support the execution of the ten principles and to engage with the Global Compact. As an organisation, we support public accountability and transparency, and as such, pledge to report on progress within two years of affiliating with the Global Compact and every two years thereafter in keeping with the Global Compact COE policy.

Yours sincerely

Lawrence Ngoue

Executive Director
