His Excellency Ban Ki-moon  
Secretary General  
United Nations  
New York, NY 10017

Dear Secretary General,

I am pleased to confirm that **Quintas Renewable Energy Solutions Limited** supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day to day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, the Millennium Development Goals. **Quintas Renewable Energy Solutions Ltd** will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within **one year** of joining the Global Compact, and **annually** thereafter according to the Global Compact policy. This includes:

- A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is **separate** from our initial letter of commitment to join the Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities that the company has taken (or plans to undertake) to implement the Global Compact principles in each of the four areas (human rights, labour, environment and anti-corruption).
- A measurement of the outcome (i.e., the degree to which targets/performance indicators are met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Dr. Omotayo Dairo  
Managing Director/CEO
