### Adoption of the Principles for Responsible Management Education

As institution of higher learning involved in the education of current and future managers **Universidad Nacional de Asunción** is committed to engaging in a continuous process of improvement in the application of the Principles for Responsible Management Education, reporting on progress to all stakeholders and exchanging effective practices with other academic institutions.

We understand that our own organizational practices should serve as example of the values and attitudes we convey to our students.

We encourage other academic institutions, and associations to adopt and support these Principles.
