Dear Mr. Secretary-General,

I am pleased to confirm that *Jinhae Community Centre for the Differently Abled* supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways(s): We, the Jinhae disability centre would like to join and stand with the UN and the convention on the rights of persons with disabilities. We will advocate for people with disabilities, and work to create an environment free of discrimination in our society.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in Country/Local Networks; involvement in specialized initiatives and work streams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress.

Sincerely yours,

*Mr. Hun Choi*  
*President of Jinhae Community Centre for the Differently Abled*
