Dear Mr. Secretary General,

I am pleased to confirm that *INTERNATIONAL SCHOOL OF MANAGEMENT EXCELLENCE* supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption.

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of strategy, culture and day to day operations of our institution, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals, *International School of Management Excellence* will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our Institution's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the Global Compact, and *annually* thereafter according to the Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is *separate* from our initial letter of commitment to join the Global Compact.
- A description of practical action (i.e., disclosure of any relevant policies, procedures, activities) that the institution has taken (or plans to undertake) to implement the Global Compact principles in each of the four issues areas (human rights, labor, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurement of results)

Sincerely yours,

Nitin Garg
Director.
