has created a tremendous stir at the box office. From the very first day, this film of Ahan Pandey and Anit Padda is making records after records. With this, now the discussion about the upcoming film of Kartik Aaryan and Srileela has started intensifying, from the change of script to the delay in the project has also come to the fore. Now director Anurag Basu himself has spoken openly on this. Interestingly, Mohit had already revealed that the concept of 'The Bhootnii' was similar to the script of Bollywood's

'Aashiqui' but later it was made as an independent film. Now there is talk of the next film of the 'Aashiqui' franchise 'Aashiqui 3'

(though, the name of the film is not finalized yet) which is directed by Anurag Basu. Kartik Aaryan and Srileela are in the lead roles in this film. 'The lead role of both of us is a rockstar' After the success of 'The Bhootnii', recently rumours of delay in the upcoming film of Kartik Aaryan spread due to changes in the script. However, Anurag Basu has now spoken clearly on these speculations. Talking to 'Mid-Day', he said, 'Mohit and I are very close. I am happy with the success of his film. The only similarity in our films is that the lead role of both of us is a rockstar, the rest of the stories of both are very different.' 'The Alzheimer's aspect was known in War 2' He rejected the claims of reshooting or rewriting the scenes of the film and said, 'The girl in my film does not have dementia or any other disease. I was aware of the Alzheimer's aspect in The Bhootnii', so there is no need to repeat it in my story.' About 40% of the shooting of this film has been completed Anurag also told that about 40% of the shooting of this film has been completed. He further said, 'In August and September, we are planning another schedule in which Karthik will be seen clean shaven. Currently, he is shooting for his other film (Tu Meri Main Tera Main Tera Tu Meri), which requires a different look. Continuity is the only challenge. Once he completes it, we will start preparing for the next phase.'
